STANTHORPE SCOUTS CELEBRATE

On Monday night the Stanthorpe 6th Scout Group celebrated 75yrs in Scouting with a Founder's Day Pool party and family a Barbecue. The Group also enjoyed a huge birthday cake made by Owen's Bush Bakery to mark the birthday of the Founder of Scouting, Lord Baden-Powell.

The Stanthorpe with approximate-troop who met on ual arts room un- was decided that steps to secure a Toby Jardine do- an old farm house moval for the sum With weekend prox 8 months to from Scouts and

In the late 70's it was decided that the site in Jardine Street could no longer accomodate the ever expanding group. In 1981, the Stanthorpe Scout Group was granted a special lease over 7.35 hec- tares, which was formally the old police paddock. The site was named 'Tibooburra' which is abo- riginal for 'A heap of granite rocks'. It is on this site that the future of Scouting in Stanthorpe was established. In July 1984, work started on the building of the impressive new complex.

YOUTH WEEK CELEBRATED EARLY

Redland City celebrated Youth Week early on Saturday 28th March. Over 1200, youth enjoyed a music filled day with jumping castle and an Aussie BBQ at Victoria Point Scout Grounds, 9 bands played through out the day with a relaxed and social at- mosphere making the day one of the best youth weeks ever.

The Event has been a vision of Scouts Queensland, East Bay Union, Tribe of Ju- dah, River of Blessing and Redlem. In the past Redland City Council and Redland Youth have run youth events at Capalaba and Cleveland to celebrate youth week. Scouts Queensland Community Partnerships Department with our partners followed in the foot steps to ensure Redlands youth were not forgotten this youth week.

The event targets young people and families and provides people with an opportunity to enjoy music in an outdoor drugs and alcohol free environment. The event played a mix of unique music targeted at young people aged 14 – 25 most of whom have not or know little about Scouts and opportunities available for young people.

The event was free, running from 1pm – 10pm on Saturday 28th March 2009. Held at Victoria Point Scout grounds (the Den) where a strong community atmosphere was felt. The young people who attended enjoyed a great line up including an international band Lynchmada.

News & Events

From humble beginnings the Group has made fine progress, with the Group now boasting close to ninety youth and adult members, both male and female, and one of the finest dens in Queensland. Scouting has become a way of life for those who pass through the doors of our den.

When they go out into the world, they take with them the knowledge and wisdom that the most important thing in life is to leave the world a better place than you found it. What better way to do this than by becoming a Scout!

(Would the scout or scouts who took a big bite out of the cake before the presentation on Monday night please report to Platypus on Monday night before final parade for a serious discussion about the perils of eating too much sugar!).

THE OFFICE OF THE CHIEF COMMISSIONER POLICY UPDATE

CHANGES TO QBSI

Since the inception of Chartering the Branch has had a mixture of Green and Maroon Scarves. In discussing this at the recent Region Commissioner's Conference it was considered that the Maroon Scarf was no longer a inducement for a Formation to become chartered and indeed there were a number of Formations who were wearing the Maroon Scarf whose Chartered status had lapsed.

It was therefore agreed that the Green Scarf would be phased out commencing from the 1st April 2009. It is expected that all Members of the Branch will have changed to the Maroon scarf by the end of December 2009

Scout Supply Centres do have a small supply of the Green Scarves which some people may wish to purchases as a memento.

The Maroon Scarf comes in two (2) sizes – Small and Large not Youth and Leader. Whilst most Leaders will require the large scarf the size purchased for a Youth Member is their or their parents' choice.

QBSI has been amended to read as follows:-

SECTION 4 – PROTOCOLS

4.5 UNIFORMS

4.5.4 GENERAL UNIFORM MATTERS

(b) Scarves

It is the Policy of the Queensland Branch that all Youth Members and Leaders wear the Queensland Maroon scarf.

A Leader entitled to wear the Gilwell scarf may do so only at Training events.

Trainees attending a Wood Badge Training 1 Course will be issued with a grey scarf which shall be worn for the duration of the Course.

Scarves for special activities and special camps may be approved for wear by Members participating in the activity or camp as follows:

Group/District Activity or Camp: Approved by Chief Commissioner

Region Activity or Camp: Approved by Chief Commissioner

Branch Activity or Camp: Approved by Chief Commissioner

Special scarves may only be worn for the duration of the special activity or camp and while travelling to or from the special activity or camp.

(c) Gang Show and Revue Scarves

Members of approved Gang Shows and Scout Revues may wear special scarves during performances of that Gang Show or Scout Revue and when visiting other Scout Revues provided that the approval of the design and the wearing of the scarf has been given by the Chief Commissioner. These special scarves will **NOT** be worn on other occasions.

How do I apply

Register your Pack or Troops interest ? by no later than Friday 1st May 2009. You will then be advised of the date the first evening will be run and any other information which you will require.

It is important to register so that we can ensure we have sufficient adults present to assist the Youth Members to complete their tasks.

Chief Commissioner

Maurice J Law, AM
Chief Commissioner of Queensland

The 2008/2009 Scouting Year is now behind us as is the Annual Census. I am pleased to advise that once again this year we have had an increase in Youth Membership and current indications are that that increase will be greater than the 3% we achieved last year.

I congratulate each and every one of you on your efforts and I do so because I firmly believe the major reason for young people to stay within Scouting is the quality of program which they are receiving.

Despite the fact that we have had an increase I still hear some disturbing stories, one such story being a Group that, whilst they ended up at the end of the financial year with an increase on the previous year, actually lost in excess of 100 Youth Members during the year.

In this particular case they are maintaining numbers through recruitment and not through the quality of programme which is offered to the Youth Members of that Group. Whilst recruitment is important, it is more important that we retain our Youth Members within the Movement for as long as we possibly can.

At the time of writing this report the Leader numbers are not available to me but I would suspect from what I am seeing, that we will have a reduction in our overall Leader numbers.

At a recent Region Commissioners Conference I raised the point that perhaps we need to do some heavy thinking about the commitment we expect our Leaders to give to the Scout Movement. We certainly do need to continue to recruit Leaders who are dedicated to the Movement and are willing to put the time that is required into providing the programmes for young people.

This does not mean that there is not a place in Scouting for a Leader who, for whatever reason is not able to give the full time commitment which for many years we have expected.

There does of course need to be in every section of the Group at least one Leader who is prepared to give this time commitment but if there were three or four other Leaders also in that section, then provided there is sufficient Leaders and Adults present to ensure the safety of the young people in that section, would it really matter if one of the Leaders were not able to attend on certain occasions.

In exploring this subject my mind goes to the many people who work shiftwork or work in a business with a moving roster and I must ask myself the question – “is there really any reason why people such as this cannot become a Leader within Scouting?”, which leads me to also ask – “how much are our young people missing out on?” and “how much could these people contribute to the Movement?”.

Unfortunately many formations believe that they only need to recruit Leaders when the Group is getting to the crisis stage. If the recruitment of Leaders was a permanent process for the for-

mation then the only danger we would run is having too many Leaders which leads to me ask the question – “is that really a danger or would it be a great position for Scouting to be in?”.

The more Leaders in a section the more ideas, the more diverse the program is and above all, the less pressure placed on each and every one of the Leaders in that section.

One of the objectives we need to reach in the 2009/2010 Scouting year is to ensure that our Leadership numbers are once again on the increase and this can only happen with the concerted effort of every Leader and Supporter of the Movement.

It is easy to sit back and say I don't need the Leadership because I got some parents acting in the role of Adult Support Members or as Adult Helpers but those people cannot carry out a Leadership role within the Movement because they are not required to do any training and our rules prohibit them from being in charge of Youth Members without a Leader, who has completed the required training, being in attendance.

The other question we should ask ourselves is – “if we are able to recruit those additional Leaders for every section in the formation what effect will it have in relation to Leaders remaining within the Movement for a longer period?”. Current statistics indicate that a number of adults join the Movement as a Leader when or shortly after their child joins the Movement and leaves at the same time as their child. Whilst it is great to have this Leadership for the short period of time our real task is to see how far we can extend that membership and to see how much longer through good programming we can retain those Youth Members in the Movement.

Until next month I wish you good Scouting.

BAGHEERA'S PRIZE

Equipment: juicy bone

Method:

- One Cub Scout is selected as Bagheera with a juicy 'bone'
- Bagheera is at one end of the hall facing the wall, with the 'bone' behind Bagheera on the floor
- Starting at the opposite end of the hall, the other Cub Scouts try to sneak up on Bagheera and steal the 'bone'
- If Bagheera turns and sees any of them moving those seen must go back to the start and begin again
- Once a Cub Scout has grabbed the 'bone' they then become Bagheera.

“Adventures in the Jungle”

Hi there!

Well here we are at Easter already! It's been a busy term.

Recently I have had a couple of emails regarding the Joey Scout Opening and Closing Parades. Some have come from Group Leaders so please check to see if your Group Leader understands the Joey Scout Section Parades.

Initially Joey Scouts in Queensland did run a parade that was different to those run in other states and in the ceremonies book but for a number of years now we have been running parades as per the Ceremonies book.

Opening Parade:

- Joey Scouts are called to Parade (your choice of how you do this)
- Joey Scouts form a circle which includes the flagpole
- Leader/s (and helpers) stand where they are facing the flag at the opposite end of the circle
- JSL asks for the Duty Joey Scout to break the flag
- The chosen Joey Scout (who should be seven years old) walks from his/her place to the flagpole. He/she walks **through the circle** to the pole.
- Leader says 'Joey Scouts face the flag' – JS turn so they are facing the flagpole
- Instruct JS to 'Break the Flag'
- Instruct 'Joey Scouts salute the flag'
- The JS breaking the flag then salutes the flag and returns to his/her place going the shortest route through the circle (**At no time do JS or Leaders salute each other**)
- Instruct 'JS face the circle'
- Leader announces the day's activities.
- Parade should not take more than about two minutes.

Closing Parade:

- A call to parade as before
- JS form the circle
- The JSL running the parade calls another leader to go to the flag. (If you are a lone leader then you might need to do this yourself)
- The Leader walks through the circle by the shortest route
- Instruct 'JS face the flag'
- Instruct 'Lower the flag'
- Instruct 'JS salute the flag'
- Instruct 'JS face the circle'
- Instruct 'JS prepare for prayer'
- A prayer is said or read by a previously organised Joey Scout
- Short closing
- Instruct 'JS break off' or 'dismiss' if you wish.

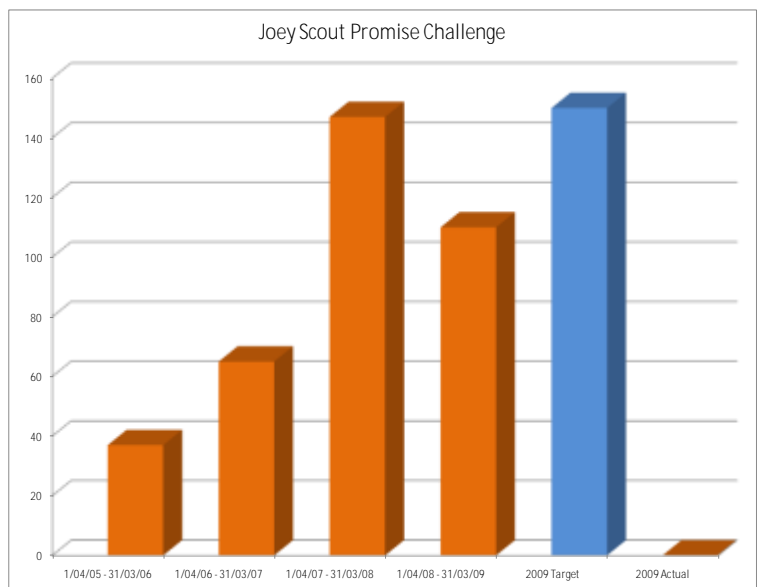

Notes should be handed out after the parade. Any information that

needs to be imparted re future events etc should be dealt with prior to parade.

Any extra items can be added at JSL discretion. There are some possibilities noted in the Ceremonies book.

Have a great break everyone – hope the Easter Bilby is good to you!

JOEY SCOUTS OUT AND ABOUT—ASHMORE JOEY SCOUTS VISIT CURRUMBIN WILDLIFE SANCTUARY

Cuboree 2010

Exciting announcement....

The inaugural Cuboree in Queensland will be held during the September school holidays in 2010. This amazing event will be open for the older Cub Scouts with the option of a day visit for the younger Cub Scouts and Joey Scouts.

What a great adventure awaits our Section at **Cuboree 2010 – The Web of Life**.

There will be flyers distributed with further information later this year. This five (5) day Camp will have themed onsite and offsite activities and allow the older Cub Scouts to achieve some of their Gold Boomerang challenges.

Cub Scouts will have had to:

- Attended at least two (2) Pack holidays – or one (1) Pack holiday and (1) District/Region Camp – sleepovers at the Den do not qualify
- Achieved their Silver Boomerang - as a minimum
- Have turned nine (9) on 1st day of Camp – as a minimum
- Be recommended by their Pack Leader
- Be approved by their Group Leader
- Be approved by their Regional Commissioner or their representative

We are anticipating a large number of Cub Scouts from all over Queensland will attend this fantastic Scouting experience.

Cub Scout Leaders will be heavily involved with their Packs throughout the Camp so we are currently looking at interested Joey Scout, Scout, Venturer Scout Group Leaders, District and Region Advisors, as well as Rovers and Venturer Scouts to assist with other services including running activity bases, welfare, catering and the myriad of other tasks required for such a large event.

An expression of interest form will be on the website within the next few months, this article is just to let you know and to get you to 'Be Prepared' for the **Cuboree 2010 – The Web of Life** – it's coming soon!

Games in the Pack

"One of the objectives of Scouting is to supply games and activities which can promote a boy's health and strength and help develop his character. These games have to be made attractive for it is through them that we can inculcate the elements of pluck, obedience to rules, discipline, self-control, keenness, fortitude, leadership and unselfish team play."

Baden-Powell (Aids to Scoutsmanship)

BP certainly knew and understood the mind of a Cub Scout, this quote (if you included the fact that we now have female Cub Scouts into it) is as relevant then as it is today. Games are the way our Cub Scouts learn, often I hear comments like "enough of the fun stuff like games and that, Cub Scouts need to learn their knots and do their Boomerang challenges..."

This is very disappointing as I challenge the Leaders that think that

way to try teaching their knotting and Boomerang challenges with games. I know the result will be 100% more effective, the Cub Scout is engaged, enthusiastic and as a result will retain more information.

I agree this age bracket requires repetition to learn but try games and fun activities rather than a whole night of instruction and see for yourself! By using theme and your imagination any game or fun activity can be related to the topic or challenge at hand.

Discovery night games and activities

Trade Winds

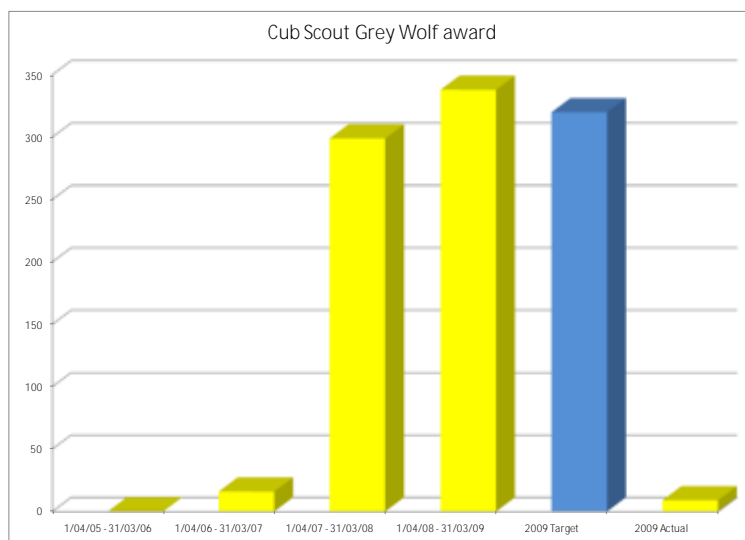

- Each Cub Scout makes a paper boat
Providing opportunity for Cub Scouts to be creative, use fine motor skills and dexterity, observation and tolerance
- Divide the Pack into half
Learning instruction, team playing, mixing and listening skills
- Run two heats then a final
Allowing a sense of competition, a fair go, the lesson on how to lose is important for us all and then to try again is now called resilience
- Each Cub Scout places the boat on the floor and on 'GO', must blow the boat safely into the harbour.
Opportunity for the quieter less physically active Cub Scout to maybe shine as well

Use this activity to explain winds and where they come from, what they do and then include a relevant local discussion about wind.

As you can see a simple game turns into a valuable lesson and tool for life skills as well as being part of the Award Scheme.

VENTURER SCOUTS

As Venturer Leaders we need to do all sorts of things. One is to use our experience to help our Venturers make better long term decisions. This month I am suggesting you help your Venturers to spend a bit more time putting useful information in their award scheme record books. In an entirely unrelated item, I ask you to spot some talent within the section, and nominate them to be part of a Branch Youth Venturer Scout Council. I want to encourage Venturers to see they have a leadership role to play in the movement as a whole, and participation in this Council might be a good starting point.

VENTURER SCOUT RECORD BOOK

As Branch Commissioner for Venturer Scouts I get to scrutinise way more Venturer Scout Record Books than I ever did as a front line VSL. One of the things I notice frequently is that the space for details is not used well. What is "well" I hear you ask. There is a *dad joke* in there somewhere ... but I best get back to the point I was starting to make. My idea of using the space well, regardless of how much space there is, is to note the key points of the achievement that demonstrate compliance with the requirements. Why? I see two good reasons. One reason is so that the people who are keen to see that award applicants are doing their best can understand how the Venturer satisfied the scope statement in particular, and then all the requirements to the extent that they are prescribed. This means for example in Outdoor 1, encourage your Venturers to write more than "rock climbing for a minimum of ten hours" and instead include things like "took up rock climbing for the first time" "climbed Kangaroo Point 1 Feb 2009 (4 hours) – free climbing", "received instruction on safety and belaying 1 Feb 2009 (1 hour)", "climbed Frog Buttress 4-5 Apr 09 (8 hours)" etc. The other and possibly the more significant reason for including as much relevant detail as possible is that in years to come, your Venturers (hopefully Rovers or Leaders by then) can revisit their record books and relive those experiences that made Venturers the great time that it was.

BRANCH YOUTH VENTURER SCOUT COUNCIL

I am calling for nominations to form a Branch Youth Venturer Scout Council. According to the *Report of the Committee of the Venturer Scout Review* (June 2008), the BYVSC is described as follows:

"This Council consists of nominated Venturer Scouts from each Region, chaired by a youth representative. The role of the BYVSC is to advise the BC(VS) on the needs of the Venturer Scout Section as seen by the youth members, and be part of the decision making processes which affect the Venturer Scout youth training program. The term of office is for one year only, with official meetings held at Branch Headquarters. Members may also be asked to represent the Venturer Scout Section at Scouting and Venturer Scout events."

If you know of a Venturer from your region who would make a useful contribution to, and benefit from being on, the Branch

Youth Venturer Scout Council, let me or your Region Commissioner know by 17 April. When nominating a Venturer, please supply a brief biography such as: Venturer Unit; time in Venturers; time in Scouting; level of activity in Queen's Scout Award; participation in scouting events (Region, Queensland, Australian, overseas); other leadership roles e.g. at school, in other youth groups, elsewhere in Scouting.

I plan to meet by teleconference, or other technology, initially each two months on the fourth Wednesday of the month at 7.30 pm, starting in April (that is this month) if I get enough nominations.

Progressive acting Kim's Game

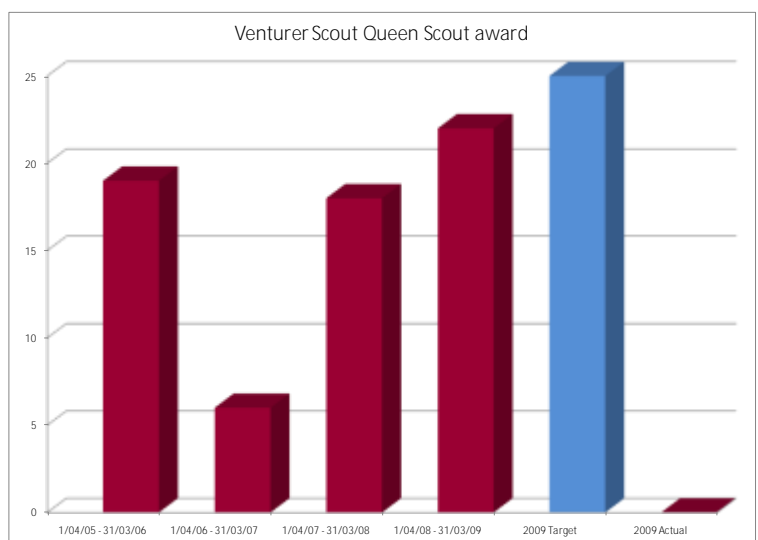

Method:

Sit in a circle.

The first Member does an action (e.g. stand and sit, or clap hands twice, or do a silly dance). Action must be no more than a few seconds.

The next Member repeats the first action and then adds their own action.

And so on with each Member adding an action. It will become confusing and hilarious as the number of actions to remember increases.

Rovers

Gavin Brady
YPS Branch Commissioner (Rovers)
bc.rovers@qldhq.scouts.com.au

My old Scout leader always used to say to us, "once a Scout, always a Scout," and for myself and many an old Rover, there is a small part of us that will always be a Rover at heart.

I'm excited to be involved with the Rover Section again and I look forward as Branch Commissioner Rovers to working with Queensland Rovers to build a strong and active Rover Section.

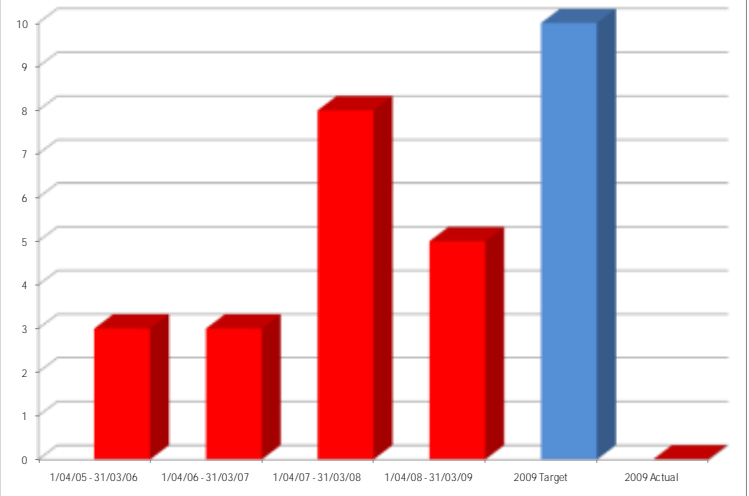

The Rover Section provides a unique opportunity for young people to challenge themselves, to plan and participate in great activities and make great friendships. Already this year major activities like Banana Bash, Roventure and the recent Rover Conference have been successfully run, continuing to demonstrate what the Rover Section is capable of.

In the months ahead the Qld Branch Rover Executive is seeking to reinvigorate the role of regional representatives including encouraging informal regional gatherings of Rovers to improve communication and support for Rover activities.

I believe that it is important in my role, to "get out there" and meet as many different Rovers, Rover Advisers and Crews as possible and I would welcome any invitations to attend crew meetings, crew events, etc in order to better understand the needs and concerns of the Rover Section.

I look forward to meeting more of you in the future. Please don't hesitate to contact me if I can be of any assistance.

International Scouting is by far the most interesting part of Scouting as it is the fundamental of our very existence as an organisation. The strength of Scouting and its survival is a result of its worldwide presence. For Scouting to survive 100+ years it is in a league of its own as very few if any world youth organisations have lasted that long.

Do you as a leader or you as an individual, have you in the last twelve months planned some sort of international flavour into your program or personal life/exploration of Scouting? I challenge each and every one of you to explore International Scouting at least twice per year and I guarantee you that you will be amazed at what you find. This doesn't mean that you have to travel overseas but you may very well do that and really experience Scouting aboard. You can also very simply get involved on a local level via:

Having an international program

- International food night
- Flags of the world
- Explore different religions (explores the spiritual side of Scouting as well)
- Scout promises of different countries (also satisfies Citizenship)
- Visit a scout group like the Vietnamese Scout Group or 1st Chinese Scout Group)
- Run a mock Olympics
- Explore different countries
- Become a Host Family and part of the Host Corp Team
- For short term (couple of hours to a couple of days)
- Long Term (up to 6 weeks with a SISEP participant)
- Become a Pen Pal
- Individual Pen Pal
- Section Pen Pal (eg. Joey Scout Mob, Cub Scout Mob etc)
- Participate in Jamboree of the Air (JOTA) and Jamboree of the Internet (JOTI)
- Participate in a local Jamboree, Venture etc and meet international visitors

As you can see there are many ways in which you can participate. If you wish to participate in overseas events you could try:

- World, Regional Jamborees, Ventures, Moots
- Participate in SISEP (Student International Scout Exchange Program)
- Visit local overseas Scouts whilst travelling

After the recent success of the **Student International Scout Exchange Program (SISEP)**, Scouts Queensland called for nominations for the 2009/10 program. We received 3 applications. Two for Denmark and one for Japan. Interviews will be held at Easter.

We are also continually **looking for families to host inbound Scouts** in the June/July period for six weeks. This year we have quite a number of people wishing to come to Australia but have very few host families. We need your help to allow these members to experience a journey of a life time. And guess what? You will also benefit greatly.

International Pen Pals is about the Scouting way of life, making lifelong friends. We have always got requests from overseas so **we need your help**. If making friends and sharing ideas with another Scout from the other side of the world interests you then have a go and contact our Pen Pal Coordinator, David McEvoy. Send your applications to penpals@qldhq.scouts.com.au.

Host Families and Host Corp Team. We are always on the lookout for host families and people to be a part of the Host Corp Team. This may be anywhere from hosting someone for a few hours to show them local Scouting, to 1-2 days whilst they are here on holidays up to several weeks in they are on exchange. Most of our requests are for 3-4 hours to meet local scouts or at least meet them at the airport. We need to keep a list of people who are interested. Contact us to discuss this further. Being a host is a wonderful experience.

Other **future international events** include:

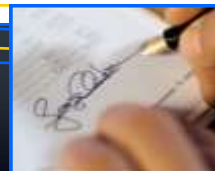

- International Jamboree, Estonia. 11-18th July 2009. Scout between 16-18 may apply.
- 1st National Jamboree of RAN/S, Russia. 27th July – 7th August 2009. The theme is Planet of the kind deeds. The camp is being held Leningradsky Oblast, 120 km away from St Petersburg near the famous ski resort "Krasnoe Ozero". Cost 280€.
- 26th Asia-Pacific Regional Scout Jamboree, Philippines. 28th December 2009 - 3rd January 2010. Cost \$2500-5000. National is seeking a contingent leader for this event.
- Flamboree, Belgium, 29 July to 8 August 2009
- 11th New Zealand Venture – 1st-10th January 2010. Location Wellington, New Zealand. Cost approx. \$3000. Pre and post tours also will be available at additional costs.
- 13th World Scout Moot – Kenya – 27th July – 7th August 2010. Cost \$5000-8000. National is seeking a contingent leader for this event.

World Scout Jamboree in Sweden in 2011. The theme is "Simply Scouting" and Venturers aged 15 but not yet turned 18 of age at the time of the event can apply. The contingent fee will be \$5000-7000. The event will be held on the fields of Rinkaby not far from the town of Kristianstad, in the province of Skåne, southern Sweden. If you are interested please contact us as soon as possible.

If you would like to know more about what is happening internationally in Scouting or you would like to participate in an overseas event, how about visiting Scouts Australia's Website on www.international.scouts.com.au and it will open up many more links for you to explore?

For any further information, please contact Paul Rollason, BC International, via Branch or E-Mail bc.international@qldhq.scouts.com.au or visit the Queensland website at www.scoutsqld.com.au and click on "Events" and then "International".

NEW PROCEDURES FOR THE LODGING OF APPLICATIONS FOR GRANTS.

A number of problems have been experienced in recent days in relation to the acquittal of grants and following discussion with the Region Commissioners it has been agreed to implement the following procedures:

1. All grants applications must be sent to your Regional Commissioner.
2. The Regional Commissioner will attach a letter of support and then forward it to the Grants Officer at Branch Headquarters.
3. Applications for Grants are to be lodged with the Branch Headquarters at least one (1) week prior to the closing date and Grant Applications received with less than one (1) weeks' notice, unless prior notice has been given, will not be accepted or submitted for the current round of Grants.
4. Grants which can be applied for "on line" can still be submitted by Formations but a copy of the Application must be sent to the Region Commissioner and to the Grants officer at Branch Headquarters.
5. The only person who is authorized to sign on behalf of the Association is the State Executive Officer and therefore any grant which requires a signature on behalf of the Association must come through Branch.
6. When bank account details are to be provided the bank account into which money is to be deposited is:

The Scout Association of Australia, Queensland Branch Inc.

BSB No 034 010

Account No 156442

By using this Bank Account, Scouts Queensland will be responsible to remit the GST component of the Grant to the Australian Tax Office.

7. Invoices for products purchased from the grant are to be forwarded to Branch Headquarters for payment as in this way we can claim back the GST on invoices paid. GST is not able to be claimed if the Formation pays the Invoice and then requests a refund from Branch. This will in turn mean that you will not get the full value of the grant.
8. Groups who ignore a request for information to acquit a grant will be ineligible to apply for the next round of Grants.

PLEASE NOTE

Gambling and Community Benefit Fund closes 15th of May 2009.

REMINDER—PROPERTY RETURN DUE

2009 Property Returns are due by 17 April 2009. Failure to complete the *Annual Property Return* by the due date, or if the Return is incomplete, will result in an invoice based on your previous records plus an increase for inflation.

Scout Salute and Hand Signs

The Scout Sign

This sign is only used when making, or re-affirming the Joey Scout, Cub Scout, or Scout Promise. It is not used at any other time

The Scout Salute

All members of the Association use The Scout Salute, whether or not a hat is being worn. Salutes are given on ceremonial occasions as a token of respect..

Note: In Places of Worship, at the playing of the National Anthem, all members would stand at the Alert, but not salute.

Listen/Take note

Arm extended straight up with the hand held in the Scout Sign. Leader asking the Group to be Quiet, Still and Listen

With reference to Ceremonies Book

BLINK VOLLEYBALL

- 1 blanket
- 1 volleyball or beachball
- 1 rope

Have a blanket hung over a volleyball net or rope forming a solid divider. The players must sit on the floor or on chairs. Have the divider low enough so that they can't see under it. Play as in regular volleyball but use something like a big, light, plastic bag, balloon, or beach ball.

FARMYARD FROLICS

- Pieces of paper with sets of different birds and animal names

Each Member is handed a slip of paper bearing the name of a domestic animal or bird. On the signal to start, each begins to act the creature in show, at the same time looking out for others of the same species. When three or more have been collected, they may begin to give voice. The first herd, covey or flock in full chorus is declared the winner.

S.W.A.M.P

- Nature game, outdoors
- Equipment: pen and paper
- Formation: small groups

Divide the group into teams of 4 to 6. Give each team a large piece of paper and a pen. Each letter in the word SWAMP stands for another word that describes something in nature:

S Stars
W Weather
A Animals
M Minerals
P Plants

On 'Go', each team writes down as many words as it can think of that relate to the words STARS. The only stipulation is this:

They must be able to SEE what they write down from where they are sitting (e.g., sky is where stars are seen; clouds cover stars on a dull night). Each team has five minutes to write down as many words as possible. The next five minutes are devoted to the word WEATHER, the next five to ANIMALS and so on until all letters of the word SWAMP have been given equal time.

At the end of the writing session, the leader tallies the number of words to see which team has the sharpest eyes, and the most vivid imagination (some teams may have to explain their rationale behind writing down certain words - the leader may not understand how they relate to the 'master' word).

BURST A BALLOON

- Outdoors/indoors
- Equipment: 30-40 balloons; pencil and paper for the scorekeeper
- Formation: Scatter

The balloons are blown up and scattered on the floor. Players stand in scatter formation. On 'GO', the object is to break as many balloons as possible, by sitting on them! When a person breaks a balloon, they shout 'I SCORE!' and must put their hand in the air.

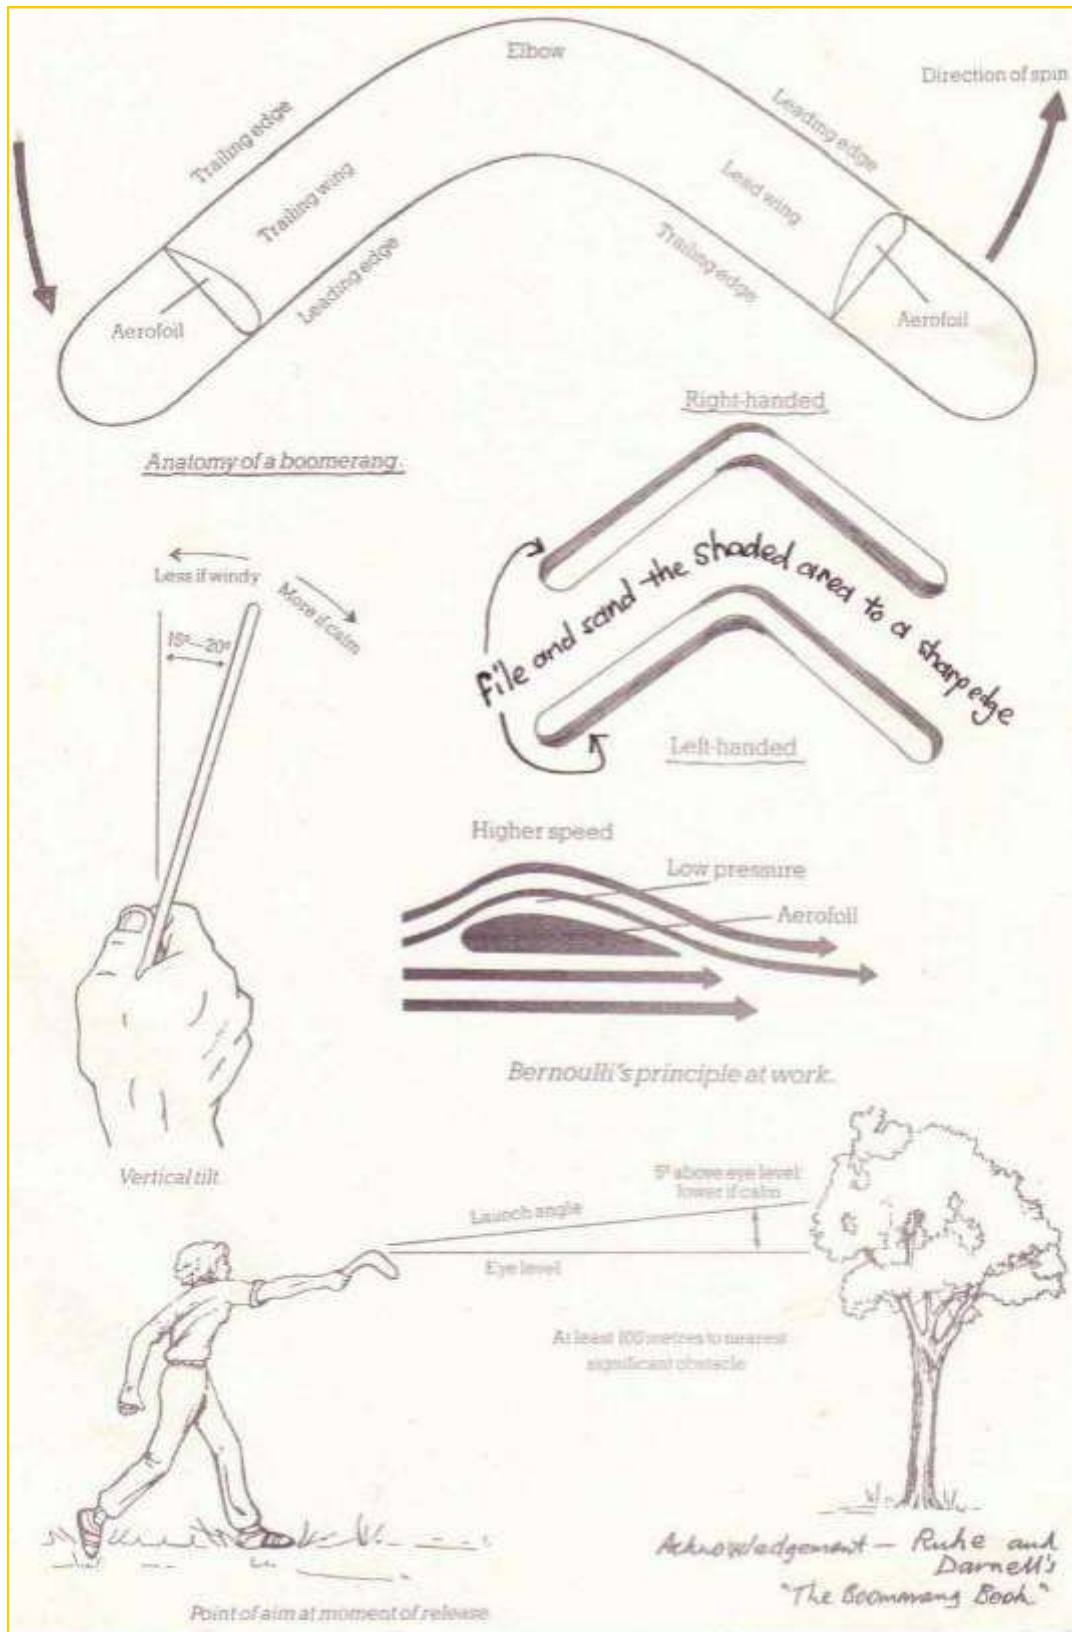

The scorekeeper then runs up to the person whose hand is in the air, marks a point down on the tally sheet. The player then tries to break another balloon and earn more points.

When all balloons are broken, scores are added up and a winner is declared. Variations include: Break the balloons by putting them between the knees and squeezing them until they break. Burst the balloons by jumping on them with both feet. Burst the balloons by squeezing them between two people.

MAKE A BOOMERANG

Duration:
50mins

Equipment:

- Boomerang shapes cut from 5 ply
- Files
- Electric sanders (optional, but make the process faster)
- Sandpaper
- Marker pens to decorate
- Bees wax and soft rags to polish
- Clamps or vices

Method:

Have the boomerang shapes cut out of a sheet of 5-ply ready for the activity. Get a dad with a jig-saw to do this for you.

Safety:

Before the Scouts start this activity, have a brief discussion about using tools and power tools safely. Set some rules to follow. It may be worth having an adult (Leaders and/or dads) supervise each power tool.

Its important not to do it for the Scout, let them have a go and do it themselves. It may be the first time the Scout has handled a power sander, so training in its use will be needed.

Have a table clamp or vice and a power sander for each Patrol. Scouts shape and sand their boomerang into the aerofoil shape. Decorate the boomerang with marker pens and then polish it with bees wax.

With the celebrations of Easter, some may be seeking a way to explain the events in the Christian calendar surrounding the festival of Easter. This little yarn may help in your programming.

A wealthy man and his son loved to collect rare works of art. They had everything in their collection, from Picasso to Raphael. They would often sit together and admire these great works of art. When the Vietnam conflict broke out, the son went to war. He was very courageous and died in battle while rescuing another soldier. The father was notified and grieved deeply for his only son.

About a month later, just before Christmas, there was a knock at the front door. A young man stood at the door with a large package in his hands. He said, "Sir, you don't know me, but I am the soldier for whom your son gave up his life. He saved many lives that day, and he was carrying me to safety when a bullet struck him in the heart and he died instantly. He often talked about you and your love for art." The young man held out his package. "I know this isn't much. I'm not really a great artist, but I think your son would have wanted you to have this."

The father opened the package. It was a portrait of his son, painted by the young man. He stared in awe at the way the young soldier had captured the personality of his son in the painting. The father was so drawn to the eyes that his own eyes welled up with tears. He thanked the young man and offered to pay him for the picture. "Oh, no, Sir. I could never repay what your son did for me. It's a gift." The father hung the painting over his mantle. Every time visitors came to his home he took them to see the portrait of his son before he showed them any of the other great works he had collected.

The man died a few months later. There was to be a great auction of his paintings. Many influential people gathered, excited over seeing the great paintings and having the opportunity to purchase one for their collection.

On the platform stood the painting of the son. The auctioneer pounded his gavel. "We will start the bidding with this picture of the son. Who will bid for this picture, 'The Son'?" There was silence. Then a voice at the back of the room shouted, "We want to see the famous paintings. Skip this one". But the auctioneer persisted. "Will someone bid for this painting? Who will start the bidding? \$100.00, \$200.00?" Another voice shouted angrily, "We didn't come to see this painting. We came to see the Van Goghs, the Rembrandts. Get on with the real bids!" But the auctioneer continued, "Who'll take the son?" Finally, a voice came from the very back of the room. It was the long time gardener of the man and his son. "I'll give \$10.00 for the painting." Being a poor man, it was all he could afford. "We have \$10.00, who will bid \$20.00?" "Give it to him for \$10.00. Let's see the masters." They wanted the more worthy investments for their collections. The auctioneer pounded the gavel. "Going once, twice, SOLD for \$10.00!" A man sitting in the second row shouted. "Now, let's get on with the collection!"

The auctioneer laid down his gavel. "I'm sorry, the auction is over." "What about the paintings?" "I am sorry. When I was called to conduct this auction, I was told of a secret stipulation in the will. I was not allowed to reveal that stipulation until this time. Only the painting of the son would be auctioned. Whoever bought that painting would inherit the entire estate, including the paintings. The man who took 'The Son' gets everything!"

God gave his Son over 2,000 years ago to die on a cruel cross. Much like the auctioneer, his message today is, "The Son, the Son, who'll take the Son?" Because, you see, whoever takes the Son gets everything."

DARLING DOWNS REGION

'Stanthorpe Scouts challenge groups to take on the Amazing Race.

Last year Scouts from the Glennie Heights group in Warwick travelled to the Stanthorpe Group's camp facility over the Founder's Day weekend.

The major activity was the Amazing Race. This activity was based on the hit television series. Patrols of four scouts set out to go around the town of Stanthorpe. They had to travel to sites using grid references. At each site, they had to carry out activities including compass bearings, observation, general knowledge, and history. Cold water melon was waiting the scouts when they got to the Mt Marley lookout.

In all it took four hours to travel around the town before returning to camp. After lunch, the Group then travelled to the Stanthorpe District historical museum. The scouts had to slowly move through the museum looking for obscure clues hidden in the various buildings. In all it took two hours to achieve this task.

That evening they had a formal candlelight dinner to celebrate Founder's day.

The Stanthorpe Group has the Amazing Race challenges for the town and the museum available for anyone wanting to come to

"Called to higher service"

The following Members have been called to higher service:

Mr. Anastasi Notaras (Labrador Scout Group)
Mrs. Ruby Thomasson (QLD Branch Training Team)

THE SCOUT ASSOCIATION OF AUSTRALIA SIR VINCENT FAIRFAX INTERNATIONAL STUDY FUND

ADVICE OF A PROJECT

IT HAS BEEN DETERMINED THAT A PROJECT IN RELATION TO YOUNG ADULTS (18 TO 30 YEARS OF AGE) IN POSITIONS OF LEADERSHIP, TOGETHER WITH YOUNG ADULT LEADER TRAINING PROGRAMS TO SUPPORT THEIR DEVELOPMENT IN LEADERSHIP ROLES BE ADVERTISED.

The following is an outline of this Project:

The Scout Association of Australia (Scouts Australia) has recently completed research both internally and externally on membership of Scouts Australia. The area of young adults in leadership positions as well as young leader training was identified as being crucial to the growth of Scouts Australia.

One focus of this project could be to determine how National Scout Organisations who are run and organised by young adults operate and function and, in so doing, to identify the various advantages and disadvantages, strengths and weaknesses of such a model.

In addition the project could also embrace a review of any programs that assist with the transition from youth member to young adult leaders similar to the concept utilised in the United Kingdom.

Expressions of interest are sought from qualified adult members who are interested in undertaking a research project to identify best practice and trends in these areas from overseas. Funds of up to \$20,000.00 are available to investigate these issues. It is expected that research could occur over a four to six week period and may include travel to identified areas, both within and outside Australia.

It is expected that a final report is presented, being one which can be published. It should identify current practices and outline recommendations for practice that can be considered by both the Operations Committee and the National Executive Committee. A plan of action that addresses these issues should be provided.

It should be noted that the funding for the project may be used for economy level transport; accommodation; meals; relevant taxes; travel costs and administrative costs related to the project. Personal expenditure is not covered by the grant.

Applicants should:

- Develop a proposal of up to 3 pages outlining purpose, sources of review, methodology, research plan, expected outcomes, recommendations and report design. Budget details are also required.

Invitation to Scout Groups

Hale Street Link is underway - Brisbane's first inner city traffic bridge built in almost 40 years!

We would like to extend an invitation to all Scout Groups to visit the Hale Street Link construction site.

Located at the Hale Street Link Alliance site office, 85 Montague Road, South Brisbane, the Hale Street Link visitors' centre offers a wide range of current project information, a virtual fly-through, quality design drafts, maps and fact sheets. The centre boasts the best up-close and personal view of bridge construction in progress.

Our team can take visitors on a historical journey of the area, explain how you build over water, give-away samples of what lies beneath the Brisbane River surface and demonstrate the complex construction process of building a bridge. If coming to the construction site it not convenient for your Scout Group our team can come to you for a guest presentation.

Be part of history in the making - learn about and witness the construction of a key piece of Brisbane infrastructure.

To organise a visit to the centre or a guest presentation please contact the Hale Street Link Community Relations team on:

SEA TO SUMMIT—X BOWL, X PLATE & X MUG

Sea to Summit's X-Bowl, X-Plate and X-Mug are designed to collapse flat to a 15mm profile and nest inside each other making them ideal for compact packing. They are lightweight, with freestanding, food grade, flexible silicone sides that are designed to withstand both hot and cold foods.

The rigid ring around the rim of the X-Mug maintains its shape and makes it easy to drink from, yet it collapses into a disk that will fit in your hand. The base of the X-Bowl and X-Plate is constructed from a hard nylon scratch resistant material suitable for cutting and chopping.

Forget the tiny and fiddly mugs, bowls and plates, the generous size of the X-series from Sea to Summit allows you to serve decent size portions, eat and drink comfortably and the 3 pieces combined weigh in at less than 300g.

The World Scout Day Ball is being held on Saturday 1 August 2009 at the Mercure Hotel Brisbane City. This is a new initiative Scouts Queensland has invested in to help bring together Leaders, Adult Helpers, Rovers (over the age of 18) and Parents for one special event.

The World Scout Day Ball is aimed at Adult Members and Supporters of the Movement. We spend so much of our time young people we would like to offer an event where Adults can enjoy yourself in Adult company.
