<b>ACTIVITY NAME:</b> International Cook book

SECTION	JS	CS	Scouts	VS	Rovers	Any
<b>DETAILS:</b>						
<p>Each member of the unit chooses a different scouting country to create a dish from (try and spread it out to as many different continents as possible). If a scout has family from another country, they may want to choose this country to share their own cultural background.</p> <p>Each member should create a recipe page for that country, but should also include how to say Hello, Goodbye, and Thank you in that language.</p> <p>In the end the unit should be able to create their own international cookbook.</p>						

Example:

Danish Æbleskiver

Hello – Hej (said hi)

Goodbye – Hej Hej/ Farvel

Thank you – Tak

### Ingredients

**Metric** - US Customary

- 250 g all-purpose flour
- 1/4 tsp salt
- 1/2 tsp Natron (baking soda)
- 1 tbsp vanilla sugar
- 4 dl buttermilk
- 100 g butter, melted
- 3 eggs
- 1 tbsp sugar

## **Instructions**

### **The Aebleskive Batter**

1. Separate the egg whites and yolks in separate bowls.
2. Whisk the sugar and egg whites fluffy and stiff. The bowl must be completely clean and dry. A tiny bit of water will make the eggs whites impossible to whisk stiff. Set aside.
3. Mix the egg yolks, all-purpose flour, natron (baking soda), salt and vanilla sugar together in a separate bowl.
4. Use a hand mixer to mix the ingredients while gradually adding the buttermilk. Keep mixing until the batter is uniform.
5. Melt the butter and let it cool off a bit. Slowly add the cooled butter to the buttermilk mixture while whisking.
6. Use a wooden spoon or similar to slowly mix the stiff eggs whites in the batter.

### **The Cooking of Aebleskiver**

1. You need a special Aebleskive pan for frying. You can get one online or maybe at your local kitchen store.
2. Heat up the Aebleskive pan at medium heat and add a small piece of butter in each hole. Fill the holes 3/4 with the Aebleskive batter.
3. When the batter starts to get firm and you can turn them over without cracking, then turn the Aebleskiver 90 degrees (using a wooden stick or similar) and let the batter flow into the pan.
4. At this point there is a hole in the side of the Aebleskive. Pour a little extra batter into the hole and turn the Aebleskive another 90 degrees so that the hole gets closed.
5. When the Aebleskiver have a solid surface turn them regularly so they get an even and light-brown crust.

### **Notes**

In step 4 (in cooking of Aebleskiver), try adding different fillings inside the Aebleskiver. I can recommend filling with chocolate chips, strawberry jam or small apple pieces. Serve these Danish aebleskiver together with some jam and icing sugar

<b>OTHER REFERENCES</b>						
<b>SECTION</b>	JS	CS	Scouts	VS	Rovers	Any
<b>DETAILS:</b>						
<p>This should be done with permission from the parents of all youth members involved.</p> <p>The unit can create a tik tok account and perform a common dance that may be unique to their area/country (e.g. the Nutbush). The group can upload this either to the tik tok platform or send it to one of the many scouts social media pages as a challenge to other groups around the world. (sending it on social media should be facilitated by the leader and may just be creating a contact with a specific group who is interested in the challenge and sharing it with them rather than the whole social media page).</p>

As a unit you can play on individual accounts playing the daily random map and see who can find the location fastest/most accurately.						
Alternatively you can create a paid account (\$2.99 a month on a monthly plan, <b>you get 10 days free to try it if you want to give it a go beforehand</b> ). If one person has an account, you can share the competition with others so each unit or even the scout group can have 1 paid account and just send a link to those who want to play.						
The unit can then have a competition and see who can find the locations the fastest/most accurately.
