

With Scouts you can do more,
learn more and achieve more.

Joey Scouts is the first opportunity for young children to have a real adventure, like their first abseil, a visit to the local fire station, or even an overnight camp! They play an active role in their program and experience a degree of independence and teamwork.

Cub Scouts focus on exploring the outdoors, going on bushwalks, bike trips, and learning the skills to participate in other adventurous activities like sailing, canoeing and rock climbing. Making new friends and building social skills are very important for Cub Scouts.

Scouts focus on developing their confidence and learning how to work as part of a team; participating in a variety of physical and intellectual challenges designed to target and develop each young person's own special interests and hobbies.

Venturer Scouts is a do-it-yourself mix of fun, adventure and personal challenge that brings together like-minded young people from all walks of life. Offering vital breathing space to young people dealing with the pressures of high school.

Rover Scouts are self-managing and plan and run all their own tailor-made activities. Social activities such as balls, bush dances, service projects, car rallies and 'Moots' will feature on an active Rover Scout's program.

What is Scouting?

Scouts is Australia's largest youth leadership organisation and we provide real opportunities for young people. Surveys prove that Scouts are 9.4% more likely than non-Scouts to hold more hope for a positive future. How does this happen? Through the **Scout Method**.
