

Environmental badges youth members can earn, through Queensland Environmental Education Team:

Joey Scout Badges

All Joey Scout activity days include bushwalk, pond dipping, craft, story, games, and sensory activities.

Environment Challenge Badge

- This badge is available at *Eprapah* and Rocky Creek.

Adventure Challenge Badge

- This badge is available only at *Eprapah*.

Other Environmental Programs

Eprapah also runs a **Frog and Water** activity day as an introduction to the Cub Scout World Scout Environment Badge program.

Cub Scout Badges

World Scout Environment Badge -The program covers all of the five sections required to complete Part A of the badge, through activities and games. The Part B (project) will need to be completed at a local level.

- This badge is available at *Eprapah* and Rocky Creek.

Waterwise Badge – The program covers Discovery, Conservation, Protecting our Wetlands, Health, Water and the Natural Environment, Community and Home Environment, Expedition and Wide Games. The badge can be completed in one day.

- This badge is only available at *Eprapah*.

Local History Badge – The program covers the three required components: History of Scouting, Visit to a Scouting museum and Exploring a Scouting Historical site. Also included are: the life of Robert Paden-Powell, observation and tracking skills, codes and games. The badge can be completed in one day.

- This badge is only available at *Eprapah*.

Scout Badges

World Scout Environment Badge - The program covers all of the five sections required to complete Part A of the badge, through activities and games. The Part B (project) will need to be completed at a local level.

* Completion of this badge entitles the Scout to be presented with the Adventurer Level Environment Target Badge.

➤ This badge is available at *Eprapah* and Rocky Creek.

Other Environmental Programs

NATIONAL WATER WEEKEND

Weekend program:
Saturday and
Sunday

Scouts will be involved in: an aquatic survey, habitat clearing and tree planting, soils and water testing, impacts on water quality and personal actions for a better future.

* Completion of all activities will earn the **World Scout Environment Badge** and entitles the Scout to be presented with the Adventurer Level Environment Target Badge.

➤ This activity is only available at *Eprapah*

Venturer Scout Badges

Environment Tapes and World Scout Environment Badge

Weekend program: Saturday and Sunday

The courses available are Catchment-care (☺) Bushland and Marine, Each course is designed for Venturer Scouts to achieve the Adventure Award level Environment Tape. The skills and knowledge learnt will allow the Venturer Scout to take a leading role in a practical environmental project, either at a local level or at a further project at Eprapah, to earn the Queen Scout level Environment Tape.

* Completion of all activities in either course will earn the Venturer Scout the **World Scout Environment Badge**.

☺ This activity is only available at *Eprapah*

Other Environmental Programs

WEEDBUST 2016

Weekend
program:
Saturday and
Sunday

Venturer Scouts will learn to identify weed species, how they spread, how to control them and includes a revegetation project.

* Completion of all activities in either course will earn the Venturer Scout the **World Scout Environment Badge**.

Rover Scout Badges

World Scout Environment Badge at Baden-Powell Scout Award level

The Queensland Branch Environmental Team can assist individual Rover Scouts to complete the theory section (Part A) of the WSEB. The project (Part B) can be organised at *Eprapah* or other suitable location after prior consultation.

The **Community Development Badge** can also be carried out at *Eprapah*.

There are other service projects available for crews and individuals at *Eprapah SCENE* site.
