Map reading

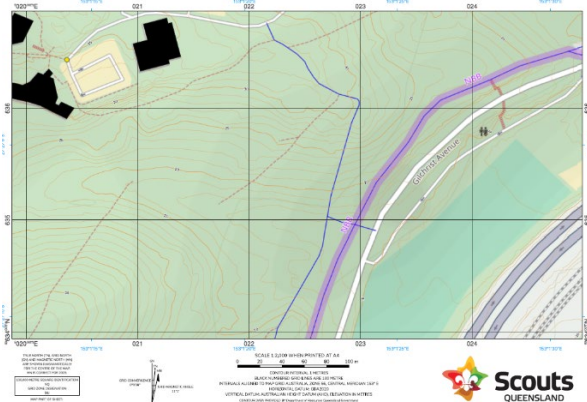

Map 1.

This map shows the topographical map with contours overlaid with a photo. Identify where you are and what you recognise in the map.

Map 2.

This map is the same as above but without the overlay. Identify contours. Understand scale. Find north. Orientate the map. Locate exactly on the map where we are now.

Map 3

This map is zoomed in on map 2. Locate where we are. Mark on the map the location of other activities
